Judge Shares Experiences with MVCTC Students

Clayton, Ohio - Darke County Municipal Court Judge Julie Monnin visited Miami Valley Career Technology Center (MVCTC) students in Becky Frost's classes on Friday, September 25. Judge Monnin spoke to senior students in Medical Careers, Medical Assisting, and Dental Assisting about ethics in the health care fields. She shared information on legalities of privileged information with patients, confidentiality laws, electronic records, and appropriate technology usage in medical office, what to expect if subpoenaed to court to testify for medical office.

The MVCTC students asked great questions of Judge Monnin regarding the trial process and her own experiences as a judge. It was a wonderful opportunity for students to understand the professionalism required of persons in their chosen career field.

For more information about MVCTC and the opportunities in health care fields for high school and adult learners, please visit www.mvctc.com. Members of the community may also learn more by planning to attend one of the several upcoming events scheduled at MVCTC.
