MVCTC Student Announced as Regional Scholarship Winner

Clayton, Ohio – The Graduation, Reality, and Dual Role Skills (GRADS) program at Miami Valley Career Technology Center (MVCTC) is proud to announce that a student from Patsy Clark’s GRADS class has once again been awarded the Dayton Right to Life’s Elizabeth Yox Scholarship. This is the second year in a row that an MVCTC student has received this award. The recipient for the 2009 – 2010 school year is Heather Collins. Heather completed her Medical Lab program at MVCTC and graduated from Vandalia Butler High School following the 2009-2010 school year.

Mrs. Clark shared the following, “Students from the GRADS program who are ready for graduation are encouraged to apply for the Elizabeth Yox Scholarship in the spring of their senior year. Many students complete the application process and it is always rewarding when a student from our program receives the award. It is definitely a pleasure to see a student as worthy as Heather receive this recognition.”
