***MVCTC Students Enter The Great American NO BULL Challenge***

Clayton, Ohio – Students from the Miami Valley Career Technology Center (MVCTC) Digital Design Technology Tech Prep program have formed two teams and entered the Great American NO BULL Challenge. This is a national video contest and awards show that brings awareness to the issue of cyberbullying in America.

According to the No Bull website, “The NO BULL Challenge is the largest, youth-led national campaign in America’s history to combat cyberbullying. They are using the power of social media to inspire 25 million middle and high school students to build each other up, instead of tear each other down.”

The students had to create a 2-5 minute video on how they would deal with cyberbullying, and now need the help of friends, family and community members to vote for their video. Fifteen finalists will be invited to attend the NO BULL Teen Video Awards in San Francisco. Eight NO BULL Winners will be announced at the NO BULL Teen Video Awards in San Francisco on July 21, 2012.

Voting begins April 1 and concludes on April 15. In order to vote, you will need to register at the NO BULL website at [www.nobull.votigo.com](http://www.nobull.votigo.com). The MVCTC students are entries “The Cyber Cycle” at <http://nobull.votigo.com/contests/showentry/1039552> and “Too Far” <http://nobull.votigo.com/contests/showentry/1042321>. Each person can vote once per day during the time period.
