For Immediate Release – **September 2012**

**MVCTC FFA Participates in Canned Food Drive**

**London, Ohio** – On Wednesday, September 19, 2012, 14 Miami Valley Career Technology Center (MVCTC) FFA students assisted with a canned food drive at the OSU Farm Science Review (FSR). FSR attendees were asked to bring in canned food items, which students then collected as they entered the exhibit area. In exchange for bringing two or more canned food items, FSR visitors received a free pair of work gloves donated by Mid America Glove Company. Food items were donated to the Ohio Association of Foodbanks for distribution.
